**EL DIA de los NINOS/
DAY of the CHILD in OHIO
APRIL 30, 2010**

Frances and I, on behalf of all Ohioans honor the State Library of Ohio and the Ohio Commission on Hispanic/Latino Affairs as they encourage libraries throughout the State to participate in events on this special day. Ohio recognizes this important day on behalf of Hispanic/Latino citizens, one of our fastest growing multicultural communities.

The State Library of Ohio encourages libraries in Ohio to celebrate by using resources from the American Library Association and to assist in serving the Hispanic community.

The Commission on Hispanic/Latino Affairs provides leadership in addressing educational issues of Hispanic/Latino Ohioans and has published the 'Educational Status of Hispanic/Latino Students in Ohio's K-12 Public Schools 2001-2002' report.

El Dia de los Ninos/Day of the Child is an opportunity for Ohio to promote literacy and to celebrate children. This Recognition furthers a commitment to children and education and state government initiatives to serve all community members.

Ted Strickland
Governor
